## WHAT ARE SUPPER CLUBS?

Supper Clubs are in-person, informal dinners that foster thought-provoking discussion around specific humanitarian themes, timely topics and local challenges. Led by a local host, each Supper Club facilitates engaging discussions that allow participants to benefit from each other's thought leadership and explore potential collaborations. Attendees, spanning across humanitarian, governmental, and academic sectors, share a common interest in championing Earth Science for Humanitarian action.

## WHAT IS THE GOAL?

Engaging leaders to meaningfully contribute to the body of knowledge on Earth Science for humanitarian action through conversation and relationship building at the local level.

## WHO SHOULD GET INVOLVED

You! We are looking for local leaders from across the humanitarian, science, government, and philanthropy sectors who want to support a robust discussion on timely topics around satellite data and tools for humanitarian action.

## FIND OUT HOW TO GET INVOLVED TODAY!

**Interested in participating in a supper club?** Create an account on the Lifelines Impact Hub and update your interest in your Lifelines profile to get on our list.

**Interested in hosting a supper club?** Reach out to a member of our program team and we will provide resources and work with you to bring your Supper Club idea to life!
